DENTAL LASER TRAINING ACADEMY

CLINICAL ORAL LASER EXCELLENCE

## ONLINE LASER SAFETY COURSE AVAILABLE ON DEMAND

- What is the legal requirement?
- What about CQC?
- Protect your patients, staff & yourself!

**Suitable for dentists, dental hygienist/therapist,  
dental nurses & students**

**BOOK NOW!**

Visit <https://www.dentallaseracademy.co.uk/laser-safety-course-teachable/>

This course fulfils the requirement of the GDC for learning objectives A, B, C & D and offers 6 hours CPD credits (Didactic Course) 1.5 hours CPD credits ( MCQ exam and LSS/LSO accreditation).

**OVERVIEW:** The on-line course is offered in modular form, allowing a flexible and on-demand access for the registrant. Includes: Course manual, password access during a one-month registration.

Completion of the didactic elements is acknowledged by certification. An optional MCQ exam is available with the package, drawing upon the course contents.

Success in the MCQ exam is recognised with certification and achievement of a level of competence compatible with a laser safety supervisor.

Successful completion of the course identifies a level of responsible safety measures when using dental lasers in a clinical setting, compatible with CQC best practice criteria.

## SCHEDULE

- MODULE #1** Production of laser photonic energy by solid state, gas and semi-conductor-based laser. Emission modes.
- MODULE #2** Laser Safety Overview, Regulations
- MODULE #3** Laser Safety - clinical aspects and optical safety. Role of the Laser Safety Officer/ Laser Safety Supervisor. In-Office Local Rules
- MODULE #4** On-line MCQ exam
